Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores.

A Hard Finished Dwelling House, corner lot (85x85), good location.

Building Lot, 85x85, \$250.
Building Lot, 50x200, on North Carson Street, frontage on three streets, \$100.

I have cash purchasers for improved or unimproved Carson street property.

Real Estate Agent.

Commercial Lunch.

There will be served during the Summer a regular commercial lunch at Anderson's lunch counter in Weiland's saloon. It will be a hot lunch with soup, beer, tea, coffee or milk, for 25 cents. It is proposed to make this the best lunch in the city for the money, and will run from 12 to 2 o'clock.

Rubicon Springs.

Is now open for the public. Stage running daily from McKinney's. Parties wishing springs water can order direct. The greatest sanitary resort on the coast.

MRS. VADE CLARKE,
Proprietor.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

If your watch is out of order in any way you can get it repaired at Golden's by skilled workmen from the best institutions in Europe. The work turned out in jewelry repairing is always finished in the best style and the assortment of goods has no equal anywhere in Nevada.

Horse and Buggy.

For sale cheap, a young mare, broken to drive, fine open buggy, nearly new, single harness used eight months. Price of outfit \$155. Enquire at this office.

The Mamie.

The Steamer Mamie has been repaired and is now taking all parties so desiring to any and all parts of the lake. Send your order to

Friends of Sidney Bell to Sue Capt. Lees.

SENSATIONAL DEVELOPMENTS PROMISED IN CUSTOMS INVESTIGATIONS.

Mrs. C. C. Stevenson Dying in San Francisco.

Special to the APPEAL

The President's Son Bribe.

Washington, July 20.—The Committee on Public Lands reported today, on the leases of the Yellowstone National Park. In conclusion the report has the following to say in respect to Russell Harrison:

It may not be remarkable in a monarchy for the heir apparent to strive to influence official actions, but in a republic, there being no heir apparent, the co-existence of facts warranting the conclusion, the President's son, influential only in that capacity, being called upon to exert and does exert his influence for a corporation dealing with a great department of the Government and that at about the same time \$50,000 of the stock of the same corporation is sought to be set aside for this same son, this coincidence stands out for legislative condemnation, having escaped official criticism by the Executive Department.

A Wild Story.

Paris, July 20.—A story is published here to the effect that Edison has invented an electrical machine which will destroy whole towns at a distance of thirty miles from it and has sold the invention to the German Government. A professor in the university here, it is said, wrote of the matter to Edison a short time ago, and Edison replied that he had no desire to aid the enemies of France.

The Regular Old Defense.

San Francisco July 20.—A big sensation is promised tomorrow in the Circuit Court at the investigations of Customs Inspectors and Patterson, charged by the Examiner with the fraudulent entering of Chinese to this port. Patterson and Noyes will have a strong case and say they will prove Examiner reporters to be a gang of black-mailers.

A Queer Damage Suit.

San Francisco, July 20.—Since Sidney Bell was granted a new trial for the murder of Samuel Jacobson, and from apparent fact that he will never be tried again, Bell's friends in the East are preparing a heavy damage suit against Captain Lees, Judge Murphy and others, who tried to hang Bell.

A \$40,000 Fire.

Dixon, Cal., July 20.—The Mesenger from Rio Vista says the business portion of the town is damaged by fire. Flames are now under control but hotel, telegraph and post office with other buildings destroyed. No lives lost. The value of destroyed property reaches \$40,000.

A Family Suicide.

New York, July 20.—William Narley, aged 45 years, and his daughter, Annie aged 9 years old were found dead in a bath room, with the gas turned full on. The police declare that there is no doubt that it is suicide.

Mrs. C. C. Stevenson Dying.

San Francisco, July 20.—Mrs. C. C. Stevenson widow of the late Gov. Stevenson of Nevada is in a very critical condition at her residence on Sutter street. Some days ago she was obliged to submit to a surgical operation for the removal of a tumor and her situation is very critical.

Ice Cream And Milk.

Anderson, who runs the lunch at Weiland Saloon has introduced iced milk at 5 cents a glass. In a sultry day this cooling beverage refreshes the inner man without heating the blood and becomes meat and drink. Anderson also is selling a brand of ice cream that is the pure essence of Arctic delight.

Glenbrook for Free Coinage.

Glenbrook, Nev., July 20.
ED. APPEAL.—The boys here took a vote Sunday night, with the following result:

Weaver.....35
Harrison.....4
Cleveland.....2
George Heritage delivered a speech in favor of free coinage and the People's Party.

F. S. JELLYSON.

Tin and the Tariff.

Because the Temescal tin mines do not yield enough ore, the Examiner argues the tariff as a failure. It would seem that the geological formation of the country had more to do with it. But the Examiner has never been a very good authority on Temescal tin.

About a year ago, it announced editorially that the mine had not produced a pound of tin during the year. In the same issue there was a column description of the great output of the mine and in the Examiner business office there was about a thousand lbs of block tin on exhibition.

The man who wrote the editorial had been off to a Redwoods High Jinks with the Bohemian Club and didn't know what was going on. Now comes a dispatch from San Bernardino which says: A Times-Index reporter met E. W. Freeman, of South Riverside, this morning and called his attention to a telegram appearing in this morning's papers in which it was stated that the Temescal tin mines had petered out. Freeman said the report was without foundation. About one hundred men were constantly at work sinking shafts and developing the mine, which shows up more and richer ore than ever.

The Examiner tin mine articles are fair samples of its floundering on the tariff question.

It employs four tariff writers and when one of them is sober enough to write he opens up and undoes whatever the other three have said.

This accounts for some of the peculiar contrasts in its tariff articles. At the same time it gives variety to the tariff question.

Silver for Mrs. Cassidy.

A fund has been started by the newspapers in the Eastern part of the State for the widow of George Cassidy, who had no insurance on his life when he died.

The idea is to have every silver man give a silver dollar to the fund and send it to the Silver State, who will act as Treasurer.

When this matter was mentioned in the APPEAL office yesterday, Judge M. S. Bonfield, who was present, said:

"Here is my dollar; I would like the honor of starting the fund in Carson."

The APPEAL office added \$4 more, and Bob Keating of Virginia, \$5 so this makes \$10 for a starter to the fund in Carson.

Money forwarded to this office will be promptly acknowledged and sent to the Treasurer of the fund, George Nixon, at Winnemucca.

It is a worthy charity, and the APPEAL hopes to see at least \$100 subscribed in this city before Saturday night.

The fund now stands:

M S Bonfield.....	\$ 1.00
APPEAL Office.....	4.00
R P Keating.....	5.00
Total.....	\$10.00

Will Advocate No One.

The charge has been made that the APPEAL is making a raid on county officials in order to get certain men elected and that it has its favorites selected. There is no truth in this. It is a matter of indifference to the writer who succeeds any outgoing county official.

We merely feel like the majority of the taxpayers that it is time for a change.

We will here state that between now and the meeting of the nominating conventions the APPEAL will advocate the claims of no man for any office in the gift of this county. We will to the best of our ability show the people the men who are unfit for official responsibility and the people can attend to the balance of the business.

It is about time the people of Ormsby got a chance to select their own officials without advice from politicians or newspapers.

A Countryman's Mistake.

A man who purchased a Wilber Co ticket last evening took a chair under his arm after the performance and started out of the door, only to be stopped by the lynx-eyed Dan Sheehan. He was from Gardnerville, and explained by showing his coupon, which read: "Bearer entitled to one seat."

He supposed that it was some sort of gift enterprise and that he had won a chair. The officer disabused his mind.

Hope Valley and Wolf creek are full of campers.

ALL SORTS.

W. D. Tobey is back from San Francisco.

H. M. Yerington and wife returned from below yesterday.

Geo. Irwin departed for Byron Springs last night in search of health.

Judge Bonfield of Winnemucca, an elector on the Silver ticket, was in the city yesterday.

Lost—A lady's gold watch chain, set with diamonds. The finder will be rewarded by leaving it at this office.

Al Bryant, one of the principles in the Sunday prize fight, was fined \$20 by Justice Hawthorne. The other fellow is not to be found.

Summers & Dauchy's soda fountain is the finest that ever fizzed in Carson. Their ice cream is a revelation, and the place is crowded daily.

QUERY.—If a county officer drives a six mule team through a newspaper man, what would be a reasonable toll for making such a thoroughfare of a man.

When Bray read the Tribune last evening and its defense of him he went to the editor and said: "For God's sake shut up if that's the best you can do."

Lieut. Neall of the State University has been ordered by the Secretary of War to appear at the Nevada encampment as an instructor during the six days of military discipline.

Ben H. Carriek, who served a term in the State Prison for embezzlement while acting as Treasurer of Storey county, was run over and killed by the Berkeley local train on Monday.

If the APPEAL could only be run out of Carson it would be a perfect paradise for hoodlums of all grades, and persons who defy law and order would regard the place as a perpetual picnic ground.

The Enterprise has begun a series of pictures of prominent men of this State. It gave a picture first of Mr. Lagree, next one of Con. Ahern, and then gave our United States Senator a chance.

The Denver Republican is reported to be on its last legs, because of its advocacy of Harrison and Reid. The silver miners of Colorado kick it off their doorsteps whenever they find it there. The Colorado people mean business.

A Clincher.

The Tribune has finally found time to squawk the following:

Charley Bray needs no defense, when Sam Davis is his accuser. The Carson people have learned to "cap" everything stated by Davis.

If the above is all the defense the Tribune can make of these charges, it would help Mr. Bray better by silence.

The Tribune has not yet seen fit to deny that it suppressed the printing of the amounts Bray "hailed" out of the County Treasury.

None of the other parties charged with the violation of the law have denied it. The theory that charges made by the APPEAL are not worth paying attention to, won't go down with the taxpayers of Ormsby county. We would like to see these charges denied or acknowledged before we move on to the next batch.

How Long? How Long?

ED. APPEAL.—Sometime since the Tribune man asked the public to suspend judgment in the matter of the "Dirty Dutchman" controversy until he could procure affidavits from California, giving him a good character. My judgment is still suspended and as the lady in the case does not seem disposed to give him the good character he begs for I would like to ask how much longer we are expected to "suspend."

ONE OF THE SUSPENDED.

"Quite Handy."

A few days ago an old lady in this city got some nauseous medicine from a drug store, put up in capsules. She broke the capsules open and pouring the medicine out in a spoon downed it, remarking: "Those things are mighty handy for medicine."

WHY

THAT IS THE QUESTION,

Can you go to the EMPORIUM and know you will get the worth of your money?

BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.
